Thermal wristbands

On-demand
printing

With a direct thermal printer you can print your own wristbands on demand and on site. Include your venue name, sponsors' logos, event dates, expiration dates, offers, custom QR codes for social media integration and bar codes for admission, point of sale or other debit systems.

Thermal wristbands

Our large range of ScanBand®S offers you the widest choice of colours and is compatible with most direct thermal printers.

Thermal printer & software

The direct thermal printer offers the perfect fit for our ScanBand®S. Our complete software solution will enable you to proactively plan the access control of your events by setting up name lists, pre-print wristbands or simply print them on demand whenever you need them.

Thermal wristbands

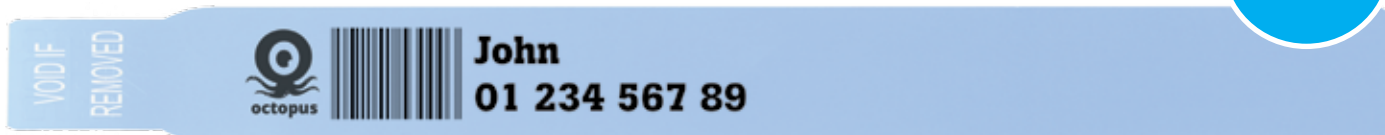

ScanBand®S 7244SL

NEW material

ScanBand®S 7445SL

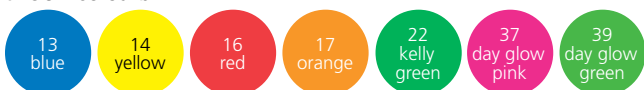

All colours work with printed logos and text. For best bar code readability, avoid 13-blue and 22-kelly green.

Make your life easier with Print-on-demand thermal printing :

Save time

Reduce delivery time by printing wristbands on site, as and when you need them!

Save money

Only print the number of wristbands you need.

Increase security

Print unique bar codes, or any other variable data, that will provide a unique reference on each access wristband.

Versatile solution

Our easy-to-use Selfit® software will help you deliver the access control your event needs.

Reduce queue times

Wristbands are quick and easy to issue to your guests.

RFID wristbands

The ultimate
guest
experience

In today's highly competitive amusement industries, customer loyalty is built around convenience, security and overall guest experience. The emergence of RFID (Radio Frequency Identification) technology has completely reshaped the way amusement and waterparks operate. As the pioneer of Smart®Band RFID solutions, our team of experts can help you choose the RFID wristband that best fits your specific application.

Smart® Superband® wristbands

Non-transferable, high security wristband with a securely sealed RFID tag inside to reliably store and transfer data.

Smart® fabric wristbands

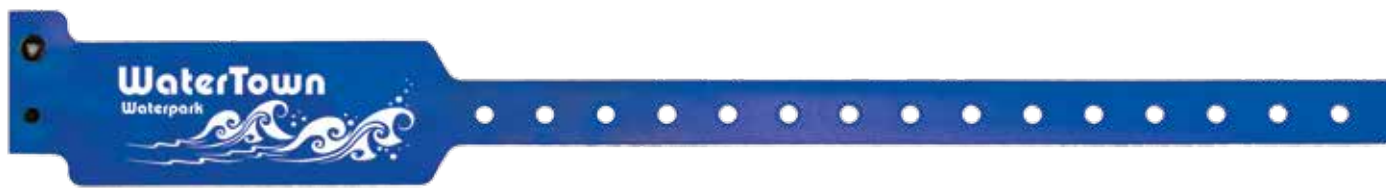

Each of our fabric wristbands, with a RFID tag securely sealed inside a slider or woven label, will help deliver more impactful branding.

Smart® silicone wristbands

Ideal for access control, season pass programs, gym memberships or other premium credential.

Fabric wristbands

Trendy
...
Souvenir
...
Brand awareness

Our fabric wristbands are very popular, and are often collected as a souvenir. They are a great tool for spreading awareness of your logo. Fabric wristbands can be produced in woven or satin material. Woven wristbands can be personalised up to 8 colours. Precise weaving of intricate details like company logos and messages are achievable with eye-catching results. Thanks to the innovative sublimation print technology, our "Satin" wristbands reproduce images with an unbeatable sharpness and detail.

One-time use fabric wristbands

Thanks to one-time use closures, these wristbands are ideal to identify people during multi-day events and can be collected by attendees as a souvenir.

Reusable fabric wristbands

Thanks to the reusable closure, these wristbands can be removed and used many times. Ideal for spreading awareness of your logo.

Vinyl wristbands

Durable
...
Comfortable
...
Largest range
of colours

Vinyl wristbands are made of multi-layered vinyl for unbeatable strength, durability and comfort. They are the perfect choice for multi-day use or for when a stronger wristband is required.

Vinyl classic wristbands

They are available in a large range of colours and shapes that can easily be adapted for every event.

Writeable vinyl wristbands

Features a large, blank information area that can be easily personalised using a ballpoint pen.

ClearImage® wristbands

ClearImage® wristbands are made of translucent vinyl resulting in a unique colour shading.

Wrist-Rider® wristbands

Wrist-Rider® wristbands feature pull-off tabs for various types of use, such as purchasing food, drinks and rides. Wristbands and tabs are completely customisable. Available with 3, 4 or 5 tabs.

Holographic wristbands

Sparkles
& shines

Add a touch of glamour to your next event with wristbands that shimmer and sparkle in the light. Choose from a variety of patterns, colours and custom options to match your event theme or branding requirements. Great for increasing security and multi-day events.

SureImage® holographic wristbands

Create your truly one-of-a-kind wristband that sparkles and shines. Add your picture or your logo in photo quality resolution or choose some graphics which reflect the atmosphere of your event for endless customisation possibilities. Holographic material ensures wristbands cannot be duplicated which prevents counterfeits.

Holographic wristbands

Holographic wristbands are made by combining 3 shiny layers, which result in a shimmering, 3D optical effect. Perfect for adding a touch of glamour to your event.

Plastic wristbands

Lightweight
& highly
customisable

These lightweight, waterproof non-stretch plastic wristbands offer maximum security. The snap closure system ensures that the wristband can't be passed from one person to another, increasing security while raising awareness of your brand or event. Ideal for sports events, theme parks and festivals.

SureImage® plastic wristbands

Our SureImage® wristbands are our most creative wristbands. Add your picture or your logo in photo quality resolution or choose some graphics which reflect the atmosphere of your event. The photo quality printing on SureImage® wristbands provides endless possibilities for customisation.

Superband® classic wristbands

Plastic classic wristbands are available in a wide choice of colours and can easily be adapted for every event.

SureImage® bar code wristbands

Bar code Wristbands are non-transferable "wrist-tickets" that provide the convenience of an admission ticket without the risk or hassle of it getting lost, misplaced, or transferred. They feature customisable, printed bar codes and/or variable data for use with your bar code software system. Our SureImage® bar code bands have a superior print finish, and will add a touch of glamour to your event.

Silicone wristbands

Promotional
tool

Silicone wristbands

Silicone reusable wristbands can be used for advertising, as fashion items, as fundraising tools or as seasonal passes. They're comfortable, long lasting and waterproof. They're available in adult, young and child sizes and can be fully customised.

They can be customised in many ways:

Embossed:

Your logo or text is raised during the embossing process, thus adding a new dimension to the object.

Debossed:

Your logo or text is engraved into the wristband surface, during the debossing process.

Printed:

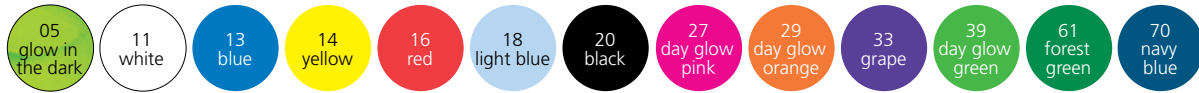

Your logo or text is printed using a silkscreen process (in up to 3 colours). Printing and embossing/debossing processes can be combined.

Other wristbands

Infinite
choice of
models

Velcro

Velcro wristbands are made of nylon fibres and are both comfortable and secure. Ideal as a marketing tool, they can include your logo and text in up to 3 colours.

Rollband

Rollbands are wristbands that can be snapped onto your wrist. They are a fun marketing tool: ideal for children and as a communication tool, they can be fully personalised.

Glow sticks & wristbands

Glow sticks and wristbands are very popular at concerts, discos and bars. They create a party atmosphere quickly and easily at a low price. To activate them, you just need to bend the glow product, then shake. The band will become luminous within a few seconds.

Glow sticks and wristbands

Glow sticks

Glow sticks are delivered in a protective packaging which prevents products activating during transport. String is included so they can be worn around the neck.

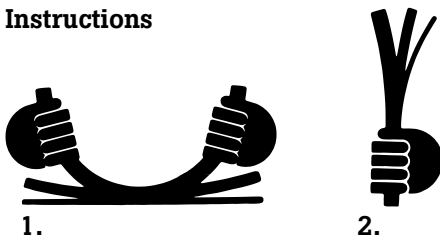

Product number	Width	Length	Sticks per pack	Min. order	Shipping time	Specification
DGSTICK25-00-PDE	1,5 cm	15 cm	25 per pack (5 pieces of each colour)	1 pack (25 sticks)	Ships next business day	Lasts between 8 and 12 hours

Mix of colours per pack

Instructions

To activate, bend the glow stick slightly, then shake. The stick will become luminous within a few seconds.

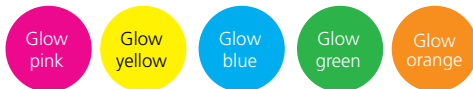

Glow wristbands

Glow wristbands are delivered in a secure box that prevents products from activating during transport. Each pack contains 100 assorted coloured glow wristbands and 100 transparent plastic connectors.

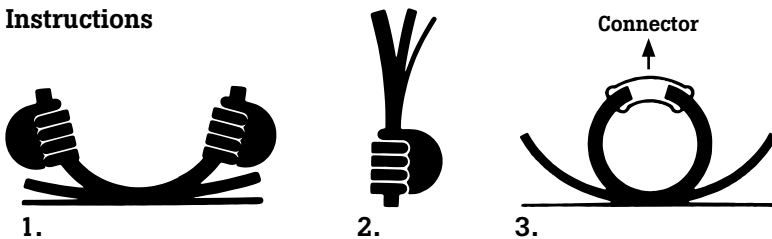

Product number	Width	Length	Bands per pack	Min. order	Shipping time	Specification
DGBAND100-00-PDG	0,5 cm	20 cm	100 per pack (25 pieces of each colour)	1 pack (100 bands)	Ships next business day	Lasts between 8 and 12 hours

Mix of colours per pack

Instructions

To activate, bend the glow band slightly, then shake. The band will become luminous within a few seconds.

Customisation

5 reasons to customise

1. Security control

Don't let gatecrashers spoil your event! Identify authorised guests, maintain safety and protect your image.

2. Protect yourself against counterfeits

Help your security teams by creating unique wristbands. Step up security by printing them with UV ink, serial numbers or bar codes.

3. Boost your branding

Your logo and brand will continue to be promoted, even after your event. Your marketing team will love it!

4. More interactivity

Print QR codes or use RFID wristbands to connect to social networks!

5. Maximise your revenue

Use wristbands as a means of advertising by printing your sponsors' logos.

Printing logos

IMPORTANT INFORMATION So that we can guarantee the quality of our wristbands we only accept the following file formats:

Format	Applications	Note	Favourite
ai	Illustrator	Convert text to outline	***
eps	Illustrator / Photoshop	Convert text to outline	***
pdf	Illustrator	Convert text to outline	***
tiff / psd	Photoshop	300 dpi minimum	**
jpg	Photoshop	300 dpi minimum	*

Beware! Before you send your illustrations, please check the quality. For technical reasons we can't accept low quality files!

No blur

No pixelisation

No fax

No patterns or shading

Neat clear design in black and white

High quality picture (SureImage)

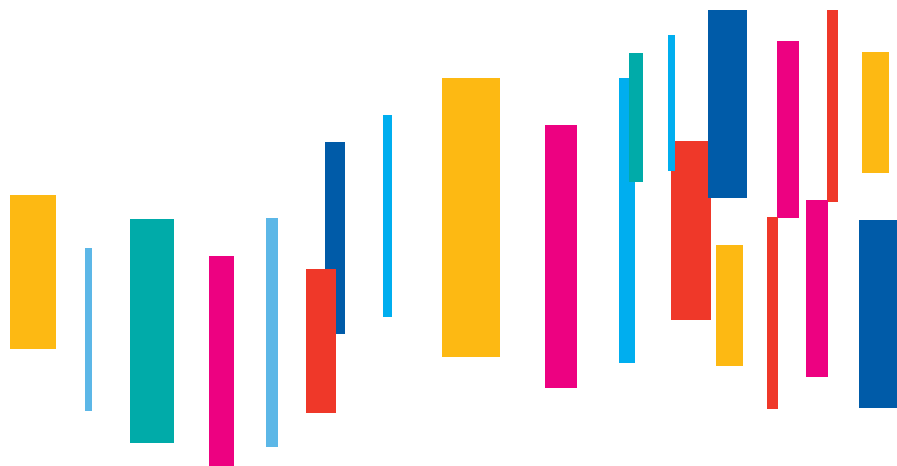

Serial numbering

Improve security and control by adding a serial number to your wristbands. This option is available on the whole of the plastic and vinyl range. The numbers are printed vertically in black.
